

## OUR LOCAL VINEYARDS

Nearly all South African wine comes from the Western Cape, where Old and New World winemaking blend with a warm climate and ancient granite soils to produce bold wines with high aromatic intensity. Recognising the Cape's unique terroir, and with no indigenous wine grapes, the first grapevines arrived by way of the Dutch East India Company in the mid-1600s.

On 2 February 1659, the first grapes for winemaking were planted, a stone's throw from our Bistro, at Jan van Riebeeck's farm, Bosheuvel, on the slopes of Wynberg Hill. In 1685, Simon van der Stel, the first Governor of the Dutch Cape Colony established a vast property, encompassing almost the entire valley, and named it "Constantia". On his death, in 1712, the estate was auctioned off as three separate lots, one more suitable for livestock and the two remaining as wine farms (Groot Constantia and Klein Constantia). By the mid-1700s, the dessert wine, Constantia, was famous across Europe, but then around the 1870s, it vanished into myth. In the 1990s, Klein Constantia resurrected this iconic sweet wine, following the old recipe, and the Vin de Constance became legendary once more.

Over the last few decades, the Constantia Wine Route has seen a remarkable fusion of heritage renewal and innovative growth. From conservation-led viticulture and integrated pest management to shared "Constantia" bottles and a wave of boutique newcomers like Beau Constantia, Constantia Glen, Eagle's Nest, High Constantia and Nova Zonnestraal. This synergy of preservation in the cooler Constantia Ward, innovation, terroir-focus, and community resilience defines Constantia's vibrant wine-farm landscape today.

With such an illustrious local history, our wine list pays homage to the best that Constantia has to offer. Whether you're after a crisp, refreshing white or a rich, velvety red your palate will be met with a refined balance of flavour and finesse.
